PRYSMIAN

A winning concept.

With our Datacentre Lite offering, you're ready to roll.

A brand of the

Prysmian
Group

With our Datacentre Lite offering, you're ready to roll.

In a fast changing environment, deployable solutions that require space and close to no installation time, are key components. Our Datacentre Lite Package includes everything from standard patch cables for copper and fibre networks to plug 'n' play modular panels ready for your central office or data centre. The outcome is reduced footprints, lower installation costs and vast improvements in efficiency. It pays off to roll with us.

Datacentre Lite

As a global solutions provider, Prysmian delivers high quality products for your day to day needs. These range from standard patchcables for the optical and copper networks, to modular panels within your central office or data centre.

Our portfolio of slim line fibre and category cables enable a reduced footprint, decreasing installation costs and improving efficiency within your rack suites or termination panels.
In the fast changing environment, deployable solutions which minimise space and installation time are a key component, please see below for a sampling of the products we can offer.

UC9500 Module MTP®/MPO

- Available in Duplex LC and Simplex SC
- Available in G657A, OM3 and OM4
- Utilises bend-sensitive fibre – BendBright^{xs}
- Plug and play installation
- 100 % tested.

Stranded Copper Patchcord

Cat6 SLIMFLEX U/UTP 28AWG 250 MHz
Cat6a SLIMFLEX S/FTP 30AWG 500 MHz

- Stranded bare copper conductors insulated with thermo-plastics polyolefin
- Two insulated conductors twisted together to form a pair and four such pairs to form the basic unit
- LSOH – for reduced smoke formation, fewer toxic gases and no thick black smoke
- 30 % smaller diameter size due to unique tight extrusion
- Unique boot design to prevent entanglement during reinsertions.

MPO/MTP® Trunk Cable Assemblies

- Female (standard) and Male MTP connectors
- Type A, B and C available
- Factory terminated and tested
- Lightweight
- High density fibre
- LSOH – for reduced smoke formation, fewer toxic gases and no thick black smoke
- Available in Multimode BendBright^{xs} OM3, OM4 and OM5 variants
- Available in standard Singlemode G652D or BendBright^{xs} G657A1 and G657A2
- MPO/MTP to other connector variants such as LC, SC and MU
- 12 and 24F versions are available.

PRYSMIAN

Prysmian Group is world leader in the energy and telecom cable systems industry. With almost 140 years of experience, sales exceeding €11 billion (pro-forma as of 31.12.2017), about 30,000 employees in over 50 countries and 112 plants, the Group is strongly positioned in high-tech markets and offers the widest possible range of products, services, technologies and know-how.

The Prysmian Group corporate brand, operates in the market through three distinct commercial brands – Prysmian, Draka and General Cable. These are three of the global cable industry's strongest brands, characterised by highly complementary products and services. We use our three commercial brands when talking about products and solutions, and each represents a specific part of the overall offering that Prysmian Group presents to its customers.

Light Duty Riser cable

- LSOH cable
- 2F – 24F available
- BendBright^{xs} Multimode in OM3, OM4 and OM5 available
- Standard Singlemode G652D
- BendBright^{xs} Singlemode G657A1 and G657A2
- OM3, OM4 and G652D stocked in the five main locations across Australia
- Available pre-terminated.

Breakout cable

- LSOH cable
- 2F – 24F available
- BendBright^{xs} Multimode in OM3, OM4 and OM5 available
- Standard Singlemode G652D
- BendBright^{xs} Singlemode G657A1 and G657A2
- Available pre-terminated.

Tie cable

- LSOH cable
- 2F – 144F available
- BendBright^{xs} Multimode in OM3, OM4 and OM5 available
- Standard Singlemode G652D
- BendBright^{xs} Singlemode G657A1 and G657A2
- These cables are made to order
- Available pre-terminated.

Specialty cables

M- Series

- LSOH cable
- 12F – 288F available
- BendBright^{xs} Multimode in OM3, OM4 and OM5 available
- Standard Singlemode G652D
- BendBright^{xs} Singlemode G657A1 and G657A2
- Standard trunk cables with flextube technology enabling faster prep and installation times
- Robust tie solutions for tray work and congested fibre raceways
- Available pre-terminated.

Category cables

- Available versions CAT 5E, CAT 6, CAT 6A, CAT 7, CAT 8
- Available on 500/1000 m reels or 305 m boxes
- Slim line Category 6 and 6A unshielded and shielded versions
- CAT 5E PVC, CAT 6 PVC and CAT 6A LSOH 305 m boxes stocked in the five main locations across Australia.
